

When life turns  
upside down,  
**turn to TMA.**

Texas Medical Association's  
**Physicians Benevolent Fund** is  
here to help physicians and their  
families struggling to meet day-  
to-day needs because of illness,  
accident, or other challenges.

*We're here. We care.*

Donate, apply, or refer someone in need.

A large, artistic illustration of a hand holding a heart. The heart is rendered in vibrant reds and pinks with visible brushstrokes, giving it a textured, painterly appearance. The hand is shown in shades of brown and tan, also with a painterly style. The background is a mix of soft pinks and purples.
